

AFFILIATE PARTNER PROGRAM

Test Your H2O is a water testing service that provides homeowners the opportunity to monitor their water for impurities. This allows the homeowner to determine if a water filtration system is necessary. Test Your H2O is a division of Nevada Analytical Services LLC, an Analytical Environmental Laboratory, located in Reno, NV.

In order to better serve this market, we have instituted an affiliate program, that gives you, our partner, an opportunity to get the word out to your customers.

We are looking for businesses interested in placing our ad on their website.

The affiliate program serves two purposes:

- First, it provides additional services to your customer base.
- Second, your business gets paid a commission every time a customer makes a purchase at TestYourH2O.com after clicking the ad on your website.

How The Program Works

- Log into your account at TestYourH2O.com and copy the ad image and link code (I will initially setup your account for you).
- Place the ad on your website with the link code.
- When your customers complete a purchase at TestYourH2O.com after clicking on your ad, you make a 5% commission for that purchase.
- Then once per month, you will receive a check for the previous month's commissions.

It's that simple!

When a customer orders a water test at TestYourH2O.com, they are purchasing a test kit that is shipped to them with a Chain-of-Custody form and water sampling instructions. The customer sends the sample back to our laboratory and results are reported within 10 working-days of sample receipt.

The customer can then use the information from their water test report to decide if they need to treat their water or not. For more information, please visit www.TestYourH2O.com.

If you believe our affiliate program is something that will enhance your client's experience, simply email me at michael@nevadaanalytical.com or call at 775-284-3970.

I look forward to doing business with you!
