I attest to the authenticity and validity of the above sample(s). I understand that intentionally mislabeling the information contained on this document (time, date, location, etc.) or tampering with the sample(s) in any way is considered fraud and punishable by local and State law.

I understand, to the best of my knowledge, that the sample information contained within this document and the analytical data generated from the sample(s) being submitted on this form will not be used for compliance purposes.

Samples are discarded thirty days after results are reported unless other arrangements are made. Hazardous samples will be returned to client or disposed of at client expense.
